

Kids Bikes

Kids Bikes

Radical bikes for your little shredders. Choosing the right bike for your kids has its challenges, but our Kids Bike range has sizes, colours and styles to cater to every child, from little tackers all the way up to teens. Not only do we have the broadest range of kids bikes in Australia to suit every kid's taste and every parent's budget, but they're backed by the lifetime warranty that you'd expect from Australia's most famous bike brand.

The new Attitude+

The Attitude range has a new brother – the Attitude+. Featuring cool 'fat' tyres, the Attitude+ can go places normal bikes can't. Oversized tyres grip the ground without compromise allowing your little ones to seriously rip on the pavements, parks and tracks.

Featuring super light alloy frames and forks, twist shifters and hardcore disc brakes, the Attitude+ is available in two sizes, 20" and 24", suiting kids aged 6 through to 13 years old.
